When you visit the website, One2Pay may collect certain personal data such as your name, gender, email address and telephone number, which are only provided voluntarily by you through the contact form, partner form or open application on the website.

Special and/or sensitive personal data

Our website and/or service does not intend to collect personal data of website users who are aged under 16, unless they have the consent of a parent or guardian. However, we are unable to verify if a visitor is older than 16. We therefore advise parents to monitor their children's online activities, so as to prevent their personal data being collected without parental consent. If you are convinced that we have collected personal data of a minor without consent, please contact us on privacy@one2pay.net and we will remove that information.

Use of your details

The aforementioned specific personal data is used to process your request for one of the products/services, to communicate with you about this and to subsequently inform you further. One2Pay will not use the information provided for other purposes without your express consent.

Automated decisions

One2Pay does *not* make decisions based on automated processes concerning matters that may have (considerable) consequences for people. This concerns decisions that are made by computer programs or systems without the intervention of a person (such as an employee of One2Pay).

The period for which personal data is retained

One2Pay retains your personal data for no longer than is necessary to achieve the purposes for which your data is collected.

Sharing personal data with third parties

One2Pay shares your personal data with various third parties if this is necessary for the performance of the agreement and to comply with any statutory obligation. We enter into a processing agreement with companies that process your data on our instructions in order to ensure the same level of security and confidentiality. One2Pay will continue to bear ultimate responsibility for such processing operations.

Protection of your personal data

One2Pay takes personal data protection very seriously and we, therefore, take appropriate measures to protect your personal data against misuse, loss, unauthorised access, unwanted disclosure, and unauthorised alteration. If you feel that your data is not secure or there are signs of misuse, please contact our customer service department or send an email to privacy@one2pay.net.

Inspecting, correcting or deleting data

You have the right to inspect, correct or delete your personal data. You also have the right to withdraw any consent for or object to the processing of your personal data by us and you also have the right of data portability. This means you can submit a request to us to send your personal data that we hold in a computer file to you or to another organisation, in accordance with your instructions.

If you would like to exercise your right to object and/or right to data portability or if you have other questions/comments about data processing, please send a specified request to privacy@one2pay.net.

To ensure that the request for inspection has been made by *you*, we ask you to send a copy of your proof of ID along with the request.
